June 2013

PRESIDENTIAL VIEWPOINT

As in the past, the June membership meeting will serve as our annual HQ clean-up. Weather permitting; there will be grilled hot dogs, cold (non-alcoholic) beverages and an assortment of other side dishes to keep you fueled while we "spruce up the joint". There should be no heavy lifting and the work goes much quicker when everyone pitches in. Following the clean-up, we will hold a brief business meeting. Along with some other minor Association business, there are a six more shop member applicants to be voted on. This month's meeting will be the last one before the summer break. If we don't have a quorum, there won't be another opportunity to vote on them before the September meeting, so please plan to attend.

By the time we return from summer hiatus in September, the convention committee will be operating at fever pitch. Our 2013 convention occurs only 2 weeks after the September membership meeting. The convention booklet should be up on our website by late July or early August. Don't wait until the September meeting to send in your registration. Last year, two classes at our convention were canceled because they had not reached our minimum registration level by the cut-off date, even though later registrations came in that would have allowed us to run those classes. Still other classes reach their maximum capacity and had to be closed to later registrants. Don't let that happen to you this year! Register early!

While you are vacationing this summer, I would ask you to please give serious thought to serving your Association by running for office or one of the Director's seats during elections this fall. We will be holding nominations during the October meeting, followed by elections in November. Our Nominations Committee Chairman, Orvis Kline, will be looking for individuals who are willing to step up to the plate and serve their fellow GPLA members. It is vital to the existence of GPLA that we have mix of fresh ideas and veteran leadership providing guidance to OUR association. There is a lot of hard work involved, but the rewards are numerous. The camaraderie that exists on the Board and the knowledge that you are contributing to help GPLA remain the world-class association that it is make it all worthwhile.

Have a safe and enjoyable summer!

Fraternally,
Clifford L. Shafer, CPS, CML
President
